EDUCATION

Dr. Ambedkar Institute of Technology for Handicapped

B.Tech (Computer Science and Engineering)
2021-2025
7.7 sgpa

Lakshya Public School

Intermediate (12)
2020
84.3%

Lakshya Public School

High School (10)
2018
94.5%

ACHIEVEMENT

- 5 star rating on Hackerrank username- manish_sh_katha
- Flipkart grid 5.0 level 1.1 qualifier

PROJECTS

Quiz App

- Developed a full-stack quiz management application using React, Express.js, Node.js, and MongoDB.
- Implemented features for creating quizzes, allowing users to take quizzes, and managing quiz results.
- Designed a responsive user interface with CSS for optimal user experience across devices.

Create My Bill

- Designed and implemented a robust billing system using React, Firebase, and CSS.
- Developed functionalities for creating bills, downloading invoices, and managing bill records.
- Ensured a user-friendly interface and responsive design to enhance usability and accessibility.

E-student Portal

- Developed the frontend of an eStudent portal using React for seamless user interaction.
- Designed a user-friendly interface for students to access courses, view academic records, and manage profiles.
- Implemented responsive CSS for optimal display on various devices, ensuring a smooth user experience.

To Do backend

- Created a robust backend for a To-Do application using Node.js and Express.js.
- Integrated MongoDB for efficient data storage and RESTful APIs for seamless frontend interaction.

My Portfolio

- Crafted a personalized portfolio showcasing projects and skills using React and CSS.
- Designed a visually appealing layout to highlight achievements, experience, and expertise effectively.
